Ace is on holiday and Ed can't do all day due to revision but will do as much as he can.

Need to ask Haworth and Ingrow people to come if they want a share of the money.

Bring any people you can as usual, Mrs O wont be there this time as she's on Brownie Pack Holiday.

Fire Station Day/Haworth Race Night/Car Parking

Sunday 28th June, need to have a time by next meeting. Doing a games stall.

Also that weekend Network Car Parking at Carlton, we'll need to split ourselves between the events. The car parking is both Sat and Sun – 6am-3pm, there only needs to be a couple of people there at 6am though. Need to sort out this at the next meeting. (Joe will be on holiday). Haworth Race Night on the Saturday night, we'll just need to be there for general running, need to be there from aprox 6pm.

The blogs have been updated.

After everyone's exams are over with we will organise some time to dig up the Olsson's garden.

Spending Money

Everyone is insured for £200 cash, if you want to take any more money than that then it'll need to be in traveller's cheques as they'll be insured on their own.

Everyone will need to buy their own food on the first day, in the airport etc.

After the bag pack, we will now have raised enough money to give everyone their £150 deposits back.

By the next meeting we need you to have decided what you want to do with your money.

How much spending money are you taking? How much do you want changing into Swiss

Francs and how much in Euros? (You will need more Euros than Francs) Do you just want

your £150 changing? If you want Joe to change your money, then you'll need to bring it and

instructions for the next meeting, please.
